

Notes
Lab - 1 : Date- 16-08-2021
CS 1763 INTELLIGENT SYSTEM LAB
Odd Semester 2021

1 Introduction

For Introduction to Machine Learning: [Click here](#): Machine Learning algorithms: [Click here](#) :
Machine Learning full course: [Click here](#)
For Machine Learning with python and Scikit-Learn: [Click here](#)

For Introduction to Deep Learning: [Click here](#)
For Introduction to Convolutional Neural Network: [Click here](#) For more: [Click here](#)

1.1 Python

For introduction to python programming: [Click here](#) For more: [Click here](#)
Python libraries for machine learning and deep learning: [Click here](#)

1.2 Installation of deep learning frameworks in standalone machines

For Windows: [Click here](#): For Linux: [Click here](#)

1.3 Google Colab

Introduction to Google colab: [Click here](#) - for experiments: [Click here](#)

1.4 Weka

Introduction to Weka: [Click here](#)

1.5 Books and references

For Books and references: [Click here](#)

2 Experiment No. 1

Discussion on linear Regression [Click here](#) and Logistic Regression [Click here](#).
